Emberion Digital LLC

Company Overview

Emberion Digital LLC is a veteran-owned consulting practice specializing in project and program management, organizational process improvement, and knowledge management solutions within complex operational environments.
With over 20 years of experience supporting federal operations, Emberion Digital delivers structured, scalable solutions that improve workflow efficiency, enhance accountability, and support data-driven decision-making. Our primary focus currently is assisting defense contractors with CUI compliance and AI Governance.

Differentiators

- Veteran-owned firm led by a PMP-certified professional with federal experience supporting records management, knowledge governance, and compliance-driven operations
- Deep expertise in FOIA, Privacy Act, and Controlled Unclassified Information (CUI), reducing legal, regulatory, and reputational risk
- Proven ability to reduce records retrieval time and backlog through process improvement and automation
- Unique combination of records management, workflow automation, and plain-language communication, enabling effective collaboration between technical and non-technical stakeholders
- Experience delivering audit-ready documentation, standardized procedures, and training to ensure sustained adoption and operational continuity
- Security+ certified (security-aware, compliant remote work)
- Active security clearance (recent investigation; TS-eligible)
- Experienced working independently or alongside existing teams
- Low-risk, fast-onboarding support — no retraining required

Core Competencies

- Project & Program Management
